Linking your children

Viewing your children's information

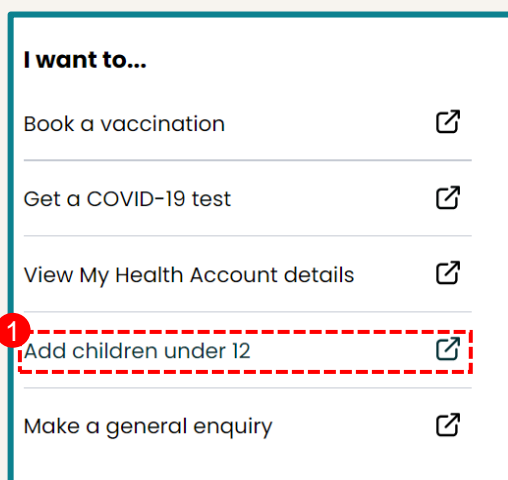

How to link your child/ren to your My Health Account

If you have upgraded your account to identification level **'Complete'** you can add your child/ren to your My Health Account to view their immunisation records, COVID-19 test results and some NHI information on My Health Record.

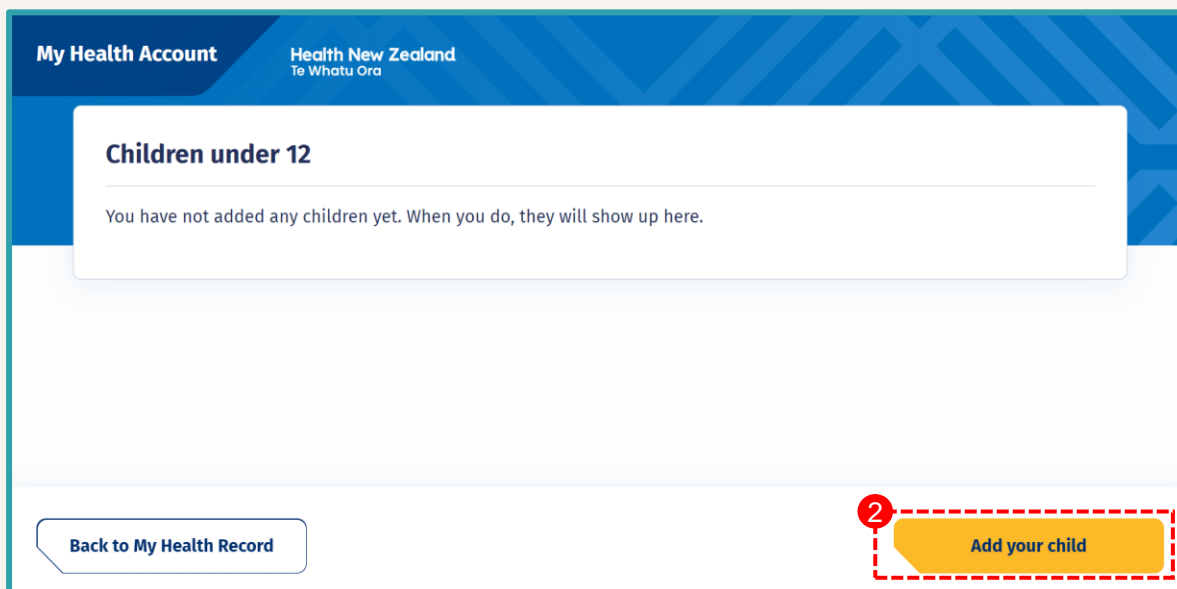

To add your child:

- They must be under 12 years of age
- They must have a New Zealand birth certificate
- Your name must be on their birth certificate
- You will need to have their birth certificate and NHI number

1) Select the **'Add children under 12'** link on the 'I want to...' menu of My Health Record.

2) This will take you to My Health Account. You will then need to select the **'Add your child'** link.

How to link your child/ren to your My Health Account (cont.)

3) Read and agree to the terms and conditions.

4) You will then be asked to provide information to confirm your child's identity.

Add your child

By checking the box below, you agree that:

- ◆ You are legally allowed to act on behalf of this child and are not prohibited from accessing information about them
- ◆ We can confirm your child's identity and your relationship to them ?
- ◆ Your name is on this child's birth certificate
- ◆ We can notify you about health services available to your child using your account contact details
- ◆ We can notify you of any other parent linked to your child's NHI number, and we can notify them about you.

3 I agree to the statements above.

It is an offence to falsely pretend to be an individual or falsely claim to be acting under their authority to obtain access to that person's personal information (Section 212(2)(c) of the Privacy Act 2020).
